DOC Development, Inc. warrants and implies that new items delivered will be free from defects in material and workmanship for a period of one year (12 months) from date of receipt, depending on the product.

DOC Development will replace or repair at its option all parts that are defective within the period with cost of replacement including shipping charges, to be borne by DOC Development.

The Contractor will not be liable to the Government in a breach of warranty action for consequential damages resulting from any defect or deficiencies in accepted items.

In the event that the terms of the contractor's standard commercial warranty/limitation of liability clause(s) place greater limits on the contractor's liability than do the terms contained in this clause, the terms of this warranty policy will govern the contract.

Acceptance at all dollar amounts.

For the purposes of contract clause 552.238-75 Price Reductions (May 2004), the price/discount relationship between DOC Development and any manufacturer represented under the contract term will govern future contract price decreases. This price relationship will include decreases in the manufacturer's commercial price list used as the basis of award and any transactional price decreases from the manufacturer to DOC Development after the effective date of the contract; provided however, any spot discount offered by a manufacturer to DOC Development for a particular FSS order shall not constitute a price reduction under the clause. The price between DOC Development and the manufacturer will be the price discount mechanism. A consistent 25% or lower markup above DOC Development's acquisition cost is authorized. The price discount relationship and the manufacturer's commercial catalog/pricelist used as the basis of award for the contract will be reflected in the Summary of Award for this contract.
