

Capability Statement

DOC Development Incorporated Enterprise is a total Government Solutions one stop Consortium with over 75 combined years of government contractual experience. We provide a wide range of Subject Matter Experts as well as a diverse product resource solution. With proven experience in Obsolescent Military Repair & Maintenance; Commercial & Government Construction; Logistical & Technical Management; Cybersecurity & System/Network Infrastructure Management; Business Management Consulting to Supply Chain Management Implementation. We also hold the following certifications: SBA 8(a), SDVOSB, SBE, ACDOTDBE, ISO 9001 Manufacturing Certified. We represent a multifaceted, multi-solutions organization uniquely qualified to respond all commercial and government opportunities.

With expanded capabilities that include a national/global focus that supports manufacturing, equipment testing, calibration, logistical support along with operational tasks for range sustainment, modernization, new construction and maintenance. DDIE's abundant expertise and skills allow the organization to review, develop and execute training policies, programs, procedures for implementation strategies related to military training. DDIE's Cybersecurity & System/Network capabilities are maintained to provide the government with round the clock maintenance and continuous upgrades as needed. DDIE's consulting services are staffed with seasoned professionals with strong functional skills and application solution expertise allowing us to provide our customers with robust custom solutions.

DDIE's footprint expands from the Metro D. D. Area; to Northern Virginia; to South Carolina; to Warner Robbins Georgia; to Greater Metro Atlanta Georgia; to Shreveport and Leesville Louisiana; San Antonio Texas. Thus, creating an expansive responsive territorial presence. With the ability to scale up to any personnel size to meet our clients' needs.
